

 **WHAT IS PAYSAFECARD?**

paysafecard is an internationally active company based in Vienna, Austria and is a long-established prepaid online payment method, which allows customers to pay quickly, simply and safely – as if they were paying with cash.

 **HOW DOES IT WORK?**

The consumer purchases a cash ticket voucher from their local shop which has a PIN number assigned to it and that then allows them to go online and purchase goods and services. paysafecards are available in four standard denominations: EUR 10, 25, 50 and 100. The consumer pays by entering their paysafecard PIN code and they don't have to enter any other personal, bank or credit card data. The paid amounts are deducted from the paysafecard's balance. The consumer can make an online balance inquiry anytime.

 **WHAT ARE THE BENEFITS FOR THE MERCHANT?**
